

D&E TIGHT COVERTM DUCTILE IRON TREATMENT LADLES

**SIZES UP TO
20,000-LBS.**

Ladle lining forms and spare ladle bottoms are some of the accessories that help control maintenance costs and down time for D&E process ladles. Other options include motorized gear tilt and cradles that hold ladles for pouring. See catalog page 10-12 for a complete description of D&E Ladle innovations and accessories.
